

INTRODUCTION

The word Ekklesia means a gathering of Christians. It begins in a place where two or three come together in Jesus name, there He is in their midst. In this workbook you will get a (different) perspective on Ekklesia.

In this workbook I take you on a quest of the 'church', which for many has become a building or Sunday meeting. The quest begins with coming home to God and family. This is the foundation of Ekklesia. This is where the church comes home.

The workbook gives many tools on how God the Father has given us an identity and destiny. We help you work with this destiny. And certainly to involve others in your environment. You can do this at work, at home or in your church.

The last six chapters help you to make others a disciple.

This workbook is part 4 in phase Serve. Serve is the final part of our discipleship course. Part 4 of Serve teaches disciples to become a servant leader and start and/or strengthen their Ekklesia.

This workbook is all yours; write along, underline and let us know what you learn. During this seminar we will take the space to explain principles and apply them directly to your life. We expect you to gain new experiences and insights about how God sees and intended Ekklesia, for you and for others.
