

#### *Serve - Seminar 2*

*In Seminar 2 we will discuss relationships in the Kingdom of God. One of the most important lessons in the Kingdom of God is to pass on everything we have learned from the Father and Jesus. Jesus had a plan when He came to earth. He chose His disciples with the Father and told them why He had come to earth. Jesus became their teacher and example. He showed how to develop healthy relationships in the Kingdom and how the Father intended relationships to be.*

*In the next phase of our walk in the Kingdom, it is important to follow that example.*

*We learned a lot in the previous 2 phases. Now is the time to keep learning, but also to start passing on what we have learned.*

*This phase is therefore called SERVE, which means: SERVING people. Just as Jesus came to serve, so too are we called to serve others with what we have learned.*

*Find someone who can guide you in the coming months with the lessons you have learned. Try to meet together as often as possible and discuss the Follow and Disciple lessons with this person or persons.*

*As you begin to do this, proceed to the SERVE phase yourself.*
